\$15-\$25 hour

DRY-MASTERS OF MAINE

Have openings for

WATER DAMAGE RESTORATION TECHNICIANS in CENTRAL MAINE

Water Damage Technicians are responsible for handling new and ongoing water damage claims with integrity and excellence. Duties include initial job-site inspection, securing jobs and performing structural drying per IICRC Standards (including removal of structural materials; plumbing, drywall, flooring etc.), monitoring & recording of moisture readings. A qualified candidate must have good written skills and attention to detail.

A **Water Damage Technician** is responsible for the fast response to emergency water damage claims and other restoration-related activities.
